**STATEMENT OF SUBSTANCE OF INTERVIEW**

Dear Sir:

This is in response to the Interview Summary dated February 16, 2007, which set a period of one month from that date for reply of March 16, 2007. This paper is being submitted within that time period.

Applicant filed a supplemental response and amendment dated February 22, 2007 in response to the Final Office Action. Applicant filed the supplemental response before receiving the present Interview Summary. In accordance with MPEP 713.04, Applicant is filing this Statement of Substance of the Interview.

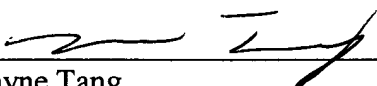

The interview was conducted on January 29, 2007 between Examiners Jasson Yoo and Corbett Coburn and Applicants' counsel, Justin Swindells and Wayne Tang and discussed claims 1, 27, 41 and 80. The attributes and types of encryption were discussed in reference to the

present application and the Raven and Sizer prior art references. Applicants' counsel agreed to consider suggested further descriptions of the term "encryption" in claims 1 and 41 to distinguish Raven and Sizer. The Examiners agreed to consider a further amendment with remarks regarding the patentability of claims 27 and 80 over the combination of the Raven and Sizer references. Applicants' counsel agreed to file a supplemental amendment.

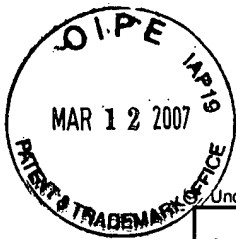

It is believed that no additional fees are presently due; however, should any additional fees be required (except for payment of the issue fee), the Commissioner is authorized to deduct the fees from Jenkins & Gilchrist, P.C. Deposit Account No. 10-0447, Order No. 47079-00107USD1.

Respectfully submitted,

Date: March 9, 2007
